## Bids Asked on \$995,000 ATHS Project

The Board of Education, Antioch Township High School District 117 today advertised for bids for construction of the \$995,000 addition and remodeling project slated to get under way next month at the school.

Bids for separate contracts on general construction, heating and ventilation, plumbing and electrical, will be received by 6 p.m., Aug. 9, at the high school.

Successful bidders will be required to furnish satisfactory performance and payment bonds, it was announced.

Contract documents, including plans and specifications, are on file for examination at the office of the architect-engineer, Gilbert A. Johnson, Rockford, Ill., and at the offices of the F. W. Dodge Corp. Merchandise Mart, Chicago.

The high school construction project, approved by voters in referendum Feb. 11, calls for construction of a two-story structure in front of and parallel to the present building, to contain 11 classrooms, five science rooms, cafeteria, kitchen, library, study hall, offices and washrooms. Also scheduled are remodeling of athletic facilities, band room and laboratory areas.

The addition will boost capacity of the high school to 1100. Anticipated enrollment this fall is 787.

Groundbreaking is expected to start in mid-August with completion set for next year.

## Chain Scheme Violates Law

Endless chain schemes for obtaining money, savings bonds or other materials of value violate postal lottery and fraud laws, Postmaster Roy E. Kufalk today reminded residents.

His statement was in response to an alert by the Fraud and Mailability Division, Office of General Counsel, that many such schemes are being conducted through the mails.

Those who participate in such activities may be subject to criminal prosecution, Kufalk pointed out.

"It makes no difference whether the lists are circulated through the mails or passed from hand to hand," the alert stated. "As long as the

## Cheerleaders Smooth Routines At Special School

NORMAL, Ill.—High school cheerleaders from Illinois and neighboring states now are winding up the second week-long Cheerleading School at Illinois State Normal University this summer.

Representing Antioch Township High School at the cheerleading sessions at ISNU were Carole Plotzke, Jane Wolff, Phyllis Kopriva, Sandee Drucker and Sandy Cremin.

Shown left to right are: Top - Carole Plotzke, Lake Villa; center - Jane Wolff, Lake Villa, and Phyllis Kopriva, Antioch; bottom - Sandee Drucker and Sandy Cremin, both of Lake Villa.

money, bonds or receipts are mailed, there is violation of the law."

Postmaster Kufalk recommended that any available information concerning such schemes, including samples of the letters and names of participants, be promptly reported to the post office or to the Fraud and Mailability Division, Office of General Counsel, P. O. Department, Washington, D. C.

School Association, the Cheerleading Schools (June 18-23, June 25-30) stressed sportsmanship and improvement of crowd behavior. They developed along with national emphasis on youth fitness the past decade. Some 650 students attended this year.

L. R. Herkimer of Dallas, Tex., director of the National Cheerleaders Association, and his staff of 15 experienced teachers had charge of the program at ISNU. Housed in a university residence hall, the students attended sessions in the gymnasium and auditorium as well as on campus, where they took part in stunts and tumbling in addition to small-group and mass practice work.

## Utility Warns Against Imposters

"Northern Illinois Gas Company never demands cash for any service work done or security for work to be done on customers' premises."

This is from C. F. Jones, Lake District Manager for NI-Gas, after learning about two men posing as "city inspectors" and "gas company inspectors" in the north and northwest suburban communities.

"You won't hurt the feelings of any of our men," Jones said, "if you ask to see their identification cards and examine them carefully to see that they are genuine. Our employees, including inspectors, meter readers, servicemen and salesmen, will be happy to show their identification cards before entering a customer's home. And they never ask for cash payments or security for work to be done."

Jones suggests customers phone Northern Illinois Gas Company to verify names of employees where there is any doubt.

## Quaker Stretcher Rebuffs Union; Move Here Slated

For the second time this year, the Quaker Stretcher Co., light industrial firm scheduled to move this month from Kenosha to Antioch, has turned down being unionized.

Workers of the company voted last week 94-50 against being represented by the United Furniture Workers of America. The first turnout was on May 1, when the vote was 120-61 against organization.

Following the May vote union officials claimed undue influence by management and made it stick, with the National Labor Relations Board ordering the second ballot.

Walter Block, Sr., Quaker president, said the union had made a concerted effort to unionize the plant before it left Kenosha, apparently figuring its chances were lessened after the firm had relocated. Block added that the firm's scale will be top rate for Antioch.

The firm specializes in such items as TV stands, chafing dishes and similar items.

At present it has a payroll of approximately 250. According to Block, some 200 workers have indicated they will continue with the firm when it moves to Antioch.

The 26-year-old Quaker Stretcher Co. is expected to boost Antioch's economy with a payroll running well over \$500,000 a year. Sound growth has marked the company since it was founded in 1935, and it now markets its products

### Push Lakes Pollution Controls

Arthur G. Baker, M. D., director of the Lake County Health Department, announced additional plans for this summer's water Pollution Control Program.

Approximately 45 samples a week are to be collected from Lake County's rivers, streams, bathing beaches and lakes.

Ward Duell, senior sanitarian, is supervising the program. Tom Day, a Warren Township High School teacher, has been employed for the summer to coordinate the collecting and recording of the samples.

Harry F. Bernhard, sanitarian of the Health Department will make special studies of lakes which may be polluted or contain unusual algae growths. Robert Urbanek, sanitarian with special training in aquatic biology will also collect stream samples and make tests to determine the existence of pollution and its effect on aquatic life.

The samples collected in Lake County are analyzed by the Illinois State Department of Public Health Laboratory on Mondays and Tuesdays, and the samples must be taken the afternoon before. Therefore, many lakes and streams must be sampled at the same time. In order to accomplish this, over 30 Lake County citizens have volunteered to collect the samples on Sunday afternoon and leave them at central collection points.

This year's Stream Sampling Program will provide current information on surface water quality and give the health department more information in the long-range surface water quality studies which are being carried on from summer to summer.

## New Sales Tax Schedule

The sales tax increase was approved by the State Senate and House last weekend and immediately signed into law by Gov. Otto Kerner.

The former rate was 3 cents. The 3 1/2-cent rate per dollar will hold for the next two years.

### Local Delegate To Boys State Named To Office

Robert Krieger, son of Mr. and Mrs. Robert Krieger, Rt. 3, Box 110, was elected police magistrate at the annual Boys' State recently concluded in Springfield.

Bob, a senior this fall at Antioch Township High School, was sponsored for Boys' State by the American Legion Post. He has been an honor student for the two years he has attended Antioch High and has lettered in basketball, football and track.

Approximately 1300 boys from throughout the state attended the Boys State June 25 to July 1 in Springfield where they participated in a week of scientific training in state government. Elections to various offices were held and delegates learned the actual operation of government—city, county, state and national—in legislative, administrative and judicial functions.

In an address last week before Boys' Staters, George T. Wilkins, superintendent of public instruction, said, "our government will be strong only as you participate vigorously in shaping its policies."

He appealed to members to go out from their meeting inspired to do their best in the service of their community, state and nation.

### Flood Survey Of Area Ok'd

A mapping program to chart flood hazards in 12 different Lake County areas, including Antioch, will get under way soon as the result of a cooperative agreement with the Northeastern Illinois Metropolitan Area Planning Commission.

Lake County's share of the cost will total \$31,250.

Under the project the Geological Survey will map the extent of flood hazards in the area. A total of 44 standard topographic quadrangles will serve as base maps upon which will be superimposed overlays to record the flood hazard in graphic form.

Basic purpose of the program is to guide development of low-lying lands along waterways in the area. The maps, to be published later this year and in 1962 will help counties and communities promote proper land development in floodway areas; restrict uses which would be hazardous to health and welfare; encourage adequate channel maintenance and guide prospective land purchasers.

**Holy Communion**  
Members of Holy Name Society of Prince of Peace Church, Lake Villa, will receive Holy Communion Sunday at 8 a.m. mass.

### Deputy Dies Speeding to Crash Scene

Two men died in auto mishaps over the four-day July 4 weekend. The fatalities plus a series of less serious mishaps marred what otherwise was a quiet weekend in the area.

Dead in auto crashes were Michael F. Coyle, 25, of 1521 Broadway St., North Chicago, who died in a crash at the intersection of Rt. 173 and Rt. 45 at 4:45 a.m. Sunday, and Kenosha County Deputy Sheriff James D. Rieschl, 33, killed on Wilmet Rd. near Trevor, when he and another deputy were answering an accident call at 2:30 a.m. Sunday.

Coyle was fatally injured when his car moving east on 173 crashed into a car driven by Clarence Richter, 53, of Burlington, and crashed into the concrete base of a traffic light. Ronnie Benson, 20, of Waukegan, a passenger in Coyle's car was injured and unable to give a coherent account of the accident. Richter's wife, Elnora, 61, and a passenger, Rosemary Roberts, 23, Delavan, Wis., were also hospitalized at Victory Memorial.

The Antioch Rescue Squad took the injured to Victory Memorial. Coyle was dead on arrival at the hospital.

Deputy Rieschl was killed when his squad car left the Wilmet road and crashed. A passenger, Deputy James P. Lentz suffered fractured ribs.

Cars driven by Patrick F. O'Shea, 8212 Hermitage, Chicago, and Thomas J. Buckley, 7850 S. Damen, Chicago, smashed into telephone poles in front of the Grade School on North Main St., Antioch, at 4:45 a.m. Sunday, injuring both drivers and three passengers. David Foley, also of Chicago, was a passenger in O'Shea's car, and John Mitchell and Harry H. Hess, both of Chicago, were passengers in Buckley's car.

The O'Shea car, a convertible, southbound on Main, struck a sign, careened some 130 feet to the south in front of the school where it caught fire.

The car driven by Buckley skidded some 78 feet on the east side of Main and wrapped itself around a telephone pole. The accidents occurred at the same time. Neither car struck the other. The injured were taken to Victory Memorial by the rescue squad.

On Monday, a car driven by Effie M. Thompson, Rt. 4, was struck by a bus driven by Harry Niemyer, Markham, Ill. Mrs. Thompson and her daughter, Peggy, suffered cuts. She said that she was east bound on North Ave., and had stopped for the stop sign when the bus, traveling south on Main, went through the intersection and struck the side of her car.

Willy Kroeger, 54, of Rock Lake, Highland Lane, suffered head cuts when his car overturned after leaving Rock Lake Road at 3:15 a.m. Saturday.

### Former Board Member Dies In Sarasota, Fla.

Services were held Friday in Sarasota, Fla., for Arthur Rosenfeld, 74, former Antioch resident and board member, who died June 27 at his home in that city.

The deceased was born July 21, 1886, in Oslo, Norway, and lived in Antioch many years, before moving to Florida six years ago.

He served as a member of the Village Board and was plumbing inspector for two years. He was a 50-year member of the Antioch Masonic Lodge, Sequit Lodge 827, and served as worshipful master in 1920-21. He had been a patron of the Antioch Order of the Eastern Star nine times.

In the early 1900's he had a Ford agency in Antioch, which was dissolved. He joined Bill Rosing in a Ford agency in 1914 in what is now the Lyons-Ryan Ford Sales.

His widow, Julia, is the only survivor.

He was preceded in death by a brother-in-law, William Topel, Sr., Waukegan, who died in 1959.

## Pussyfooters in Sensitive Places

Dr. V. Raymond Edman, eminent president of Wheaton (Ill.) College, passed along some words of wisdom in addressing a recent Lions Club meeting. Said Dr. Edman:

"We've been on the defensive too long... and now it is time to promote a positive program to win other countries to our way of life."

Dr. Edman, who is disenchanted with "pussyfooters" in foreign policy-making posts, declared that "we should recreate the image of the United States."

We must prove to underprivileged countries that free men can solve their problems, he said. He feels we must develop social changes instead of simply financing projects.

The word "positive" should be the key to our thinking. Positive thought in foreign policy doesn't mean war. It could mean that other nations would at last understand that this country is capable of establishing sound policies and—important—capable of making them stick.

As in Korea, and more recently in Cuba, we continue to botch excellent opportunities with pussyfooting which is costing us dearly in respect and friends throughout the world.

## The New Sales Tax

A new tax load has been dumped — as it always has been — into the laps of the taxpayers.

The state legislature took good care of the citizens of Illinois last weekend, when, under Democratic leadership, it increased the state sales tax from 3 to 3½ cents on each dollar's worth of goods purchased.

Now, we hold no brief with the necessity to increase income in order to meet outgo. It's only simple arithmetic which every citizen must master at an early date if he has any intentions of remaining solvent.

And Gov. Otto Kerner has cried loud and long that the state must have more income if it is to pay its bills and remain solvent.

However, while taking good care of the citizen in the form of an increased tax bite, the legislators also took good care of themselves. They boosted their own salaries \$2,000.

We can't state from authority the adequacy of the \$6,000 salary which these legislators have been receiving for six months of legislating. We do know, however, that eight grand isn't bad pay for a half-year's endeavors, particularly when the remaining six months of the year can be spent in pursuit of the dollar outside the State House.

John Q. has always been and continues to remain fair game for the politicians. He may grouse a bit at the increased tax, but the tide will pass... and seems we will continue under the philosophy that has dominated legislatures throughout the land since espoused by the late Franklin Delano Roosevelt.

"Tax and spend, spend and tax."

## Old Sarge Has a Point

The "Old Sarge," created by Paul Good in his weekly column in The Army Times, has a salty bit to say on the subject of the seven astronauts and the successful flight into space last month by Cmdr. Alan Shepard aboard a Redstone missile. You may not agree with "Old Sarge," but you've got to admit he has a point. Let's listen to the old duffer.

"Far be it from me to criticize a military man from makin' a pocketful of money," the Old Sergeant said. "Though I confess sadly that I'm above criticism on that score. If a sergeant wants to operate a bowling alley on the side or a general opens a Turkish bath, I say fine. So long as the time spent pin-settin' or givin' rubdowns don't wreck the defense establishment."

"But I think that when a serviceman is doin' his duty—whether he volunteers or gets pulled in by the scruff of his neck—the country should profit and not him. What I'm talkin' about in particular are our astronauts. Seven brave men an' true, a credit to their professions an' any one is my choice to be eventual Mayor of Mars. But sonny, did you see where they're goin' to build a apartment house with the half-million dollars a magazine is payin' them? The magazine ain't National Geographic or College Humor but beyond that I ain't prepared to identify it. Except to say that any politician leavin' office from dog catcher to prime minister first sells his remembrances to it even before he files pension papers."

"Now I ask you, how does it look to the youth of the nation what are supposed to be sloggin' along on the New Frontier to read that these men are cashin' in—but big—on their duty? Here you got this Peace Corps where everybody is supposed to eat rice and dandelion roots so democracy won't be half-safe throughout the world. An' there at Canaveral are spacemen whackin' up a 500-thousand-dollar kitty, their eyes on the stars and their feet in Washington real estate."

"Well Sarge," I said, "Your point isn't without merit. But I think there are some extraordinary considerations involved here. The tremendous risk, the overpowering public desire to read every scrap of information about the venture, the fact that this anonymous magazine stands to make a fortune with their stories..."

"Number one, throw out the risk. That's part of service life. Ridin' a rocket or paddin' aroun' with a military team in a Laos jungle, life is on the line. Number two, any time this great curious public wants to tear itself away from Leave It to Lassie or The Unwatchesables, the guv'mint PR boys could have a mound of astronaut information waitin' to confuse an' dazzle 'em. All for nothin'."

"An' your third point is a great mistake as it's just the thing I'm talkin' about. Nobody can blame a magazine for wantin' to make money. I think that's a fair statement an' just the sort of objective remark you'd expect from a man like me. But is there any reason why somethin' as important as America's excursion into space should be tied in with the profit motive? I grant you it's the most popular motive in the world. Still there ain't nothin' in the Constitution sayin' the American eagle gotta be depicted as holdin' a fistful of bills in his claws."

"Now say 10 or so years go by an' these astronauts retire an' wanna write books about their experiences. Why I'd be the first one to loan 'em carbon paper an' a typewriter eraser. I'd even help with the spellin'. After all there's a great tradition in America of military men lookin' back once out of harness. Everybody from U. S. Grant to Elvis Presley describes how war an' peace in the Army are both hell. But they got the good manners to wait until the uniform is in mothballs an' the occupant in clover."

"Do you think, for instance, that it would've been right for Lewis and Clark to peddle their stories whilst they was preparin' to carve the Northwest Passage? Thereby paving the way for the glorious achievement of Seattle?"

"Wouldn't you have thought less of General Sherman if he'd signed up with a newspaper chain before marchin' through Georgia? Assumin' you don't come from South of Mason-Dixon, in which case it'd be impossible for you to think any less of him."

"Did General Goethals have a contract with Engineering Annual before he dug the Canal? Was

Walter Reed reapin' a handsome harvest from the Flit people when he went after yellow fever? An' I respectfully ask whether Admiral Peary knew he would make enough money with his writin' to build a apartment house before he started out buildin' igloos on his way to the North Pole?"

"I'll concede," I said, "And I suppose the mistake is compounded when you contrast it with Gagarin who went ahead and did it before anybody knew who he was. And who—I'm reasonably sure—ain't in the employ of a national magazine."

"Damn tootin'," he said. "Free enterprise is a grand thing. An' before the John Birch-roids make me a whippin' boy, lemme say a day never passes when I don't whistle Yankee Doodle in the shower. But if the neutral nations on this potato ever start comparin' Gagarin with our lads, you couldn't blame 'em for concludin' that we got more dollar signs in our eyes than stardust. An' for suspectin' that our real interest in space is to set up a real estate subdevelopment on the moon."

We wish to publicly express our thanks for the wonderful cooperation and assistance of the Antioch Rescue Squad and the Antioch Police on May 27th when we were involved in an automobile accident on

THE AMERICAN PROFIT

FROM THE

CIVIL WAR DEFICIT

The most costly war in American History was waged in these United States just one hundred years ago. This long-remembered conflict, the Civil War, claimed the lives of 618,000 Americans and wounded approximately 380,000 more. In addition to this, it is estimated that the total cost of the war for both sides exceeded \$15,000,000,000.

Although the North lost 360,000 men in comparison to the Southern toll of 258,000, it is evident that the South suffered the greatest damage as a result of the war. The majority of the combat was waged in the South; and, consequently, many Southern cities and towns were totally destroyed. Southern plantations and acres of farm land were left in ruins, railroads were shattered, and industry and trade came to an abrupt halt.

In addition to these great losses, the Civil War left an ugly scar of hate upon the American people. This two-sided conflict had turned friends against friends and brothers against brothers. After the war, many Southerners grew bitter in defeat, and many Northerners became revengeful in victory. These feelings were not easily forgotten, and they continued to trouble Americans for many years afterward.

Indeed, if we as Americans can find cause for celebration in the centennial anniversary of this historic tragedy, we must truthfully be able to say that some good resulted from it. Although the Civil War brought four years of bloodshed and a heritage of bitterness and grief that remains in part even today, it cannot be denied that it marked a great turning point in American history. It served to bring an end to slavery in the United States, it settled once and for all the question of whether or not a state could secede; and, finally, it cemented the Union of the states.

President Lincoln's Emancipation Proclamation of 1863 forced the American people to practice what they preached. With this document

## 4-H Dress Revue Scheduled July 11 At Salem School

SALEM, Wis.—The annual Junior 4-H Dress Revue will be held Tuesday, July 11, at Salem Consolidated Grade School. The Junior Revue includes all 4-H members enrolled in first or second year work. Judging will begin at 9 a.m. for girls under 12 modeling a simple cotton skirt. All entries are due at the Agriculture office today (July 6).

Every younger clothing member is encouraged to enter this Dress Revue. Parents, leaders, or friends are also welcome to attend. This experience gives the member, her leader, and mother an opportunity

to hear constructive criticism of her garment, as well as helpful suggestions for improvement.

Garments are judged on the girl and each member receives a first, second or third place rating. Judging is based on suitability of the fabric to the style, the individual, and the purpose; color and design; general appearance; neatness; posture; grooming; fit; and construction to the extent that it affects appearance.

All girls entering the Dress Revue will also appear in one of the afternoon or evening Revues at the County Fair. Mrs. Robert Demuth, former Home Economics teacher and a Racine County 4-H leader will judge the Junior Revue. Older members will be participating in the Senior Dress Revue scheduled for July 25.

## 'Depression Baby' Bristol Band Going Strong Today

The Bristol Band's performance in Antioch's Civil War Centennial parade June 23, and their appearance again on Sunday afternoon at the Lions Barbecue are the results of many dedicated musicians from both Illinois and Wisconsin. The Bristol Band was organized at Bristol, Wis., during the depression years about 27 years ago, and was a result of these hard times. A group of musicians with nothing to do (and if there was something to do they had no money to do it with) decided that a small home town band might be just the thing to fill in some of that idle time and do something useful and enjoyable. Among the first members were

Bernie Benson, Barney Waldo, Bill Pringle, Ed Stratton, Maurice Jackson, and Ray Pofahl. Ed Stratton, who passed away a few years ago, may be recalled by some of Antioch's old timers as he was very active in a band at Richmond during the early 1900's. Pofahl was the first president and along with Bernie Benson and Maurice Jackson is still playing with the band today. The first bandmaster was Ralph James. Today the band is under the direction of Thala Rush. Rush also was the bandmaster some 10 or 12 years ago. The name "Bristol Band" has remained with the group even though

only a few from Bristol are now in the band. Rehearsals are no longer held in Bristol. Members now come from various small towns in Kenosha and Racine Counties and some from across the line in Illinois. The band twirlers, who always lead the band, are students at Senn High School in Chicago. Even though they sometimes

travel almost a hundred miles for some of the band's performances, they anxiously await for each summer to arrive so that they again can lead the band in various parades throughout the area. The Bristol Band performed on the Fourth of July at Delavan, Wis., and presented a concert early in the evening and will again have the

honor of playing our National Anthem during the very colorful annual ceremonies to lower Old Glory just at sunset. The band will next appear at North Prairie, Wis., July 16, and at Douman, Wis., July 25. Rehearsals are held on Mondays at 8 p.m. at Central High School located on Highway 50. There are no limitations as to who may be a

member and all students are entitled to free membership. Adult members pay nominal dues. Louis "Doc" Koehn is the president and invites anybody interested in becoming a member to call him at Salem, Vinewood 3-2406 or to come to rehearsals on Monday nights.

### Youngsters Leave Home Rather Than Face Judge

Two boys, 7 and 11, of Spring Grove, faced with the threat of having to "see the judge" after being caught smoking by their father, James Sullivan, were picked up at the carnival in Antioch Sunday night were picked up at the carnival in Antioch Sunday night following their flight from home two days earlier.

The two lads, Donald, 11, and Daniel, 7, wandered in Ray Toft's Shell Service Sunday evening seeking a drink of water. Toft checked with Chief of Police Walter Scott to see if the lads, strangers in town, were being sought by their parents. Chief Scott had them brought over to the station for questioning.

The lads admitted running away from home Friday afternoon after their father had threatened Donald with an "appointment with the judge" after catching the older youngsters smoking.

The boys had wandered around for two days and said they had had nothing to eat in that time. Chief Scott saw that they were replenished and returned to their home.

### 17,169 in Lake County Received U.S. Aid

By the end of 1960, more than 17,169 people in Lake County were receiving old-age, survivors and disability insurance payments. The total benefits paid to these people for December, 1960, was \$1,230,773, according to Bernard Barnett, manager of the Waukegan Social Security district office.

In Lake County 9,525 retired workers with no dependents received \$788,881 in December, 1960, for an average benefit of \$82. The average benefit to a retired couple in December was \$120.62. 1,991 widows in Lake County received \$126,180 in December for an average benefit of \$63.

### AN OPEN LETTER

Senator Everett Dirksen  
United States Congress  
Washington, D. C.

Dear Senator Dirksen:

I should like to ask your help on a matter that concerns my cousin, Morris Pickus, of Antioch, Ill.

On June 1, 1961, he submitted the low bid for constructing a Post Office at Antioch, Illinois, and leasing it to the Department of the Post Office. His bid was \$8,300.00 per year. The next bid was \$9,500.00 per year, and the third bid was \$11,100 per year.

We have just been informed that they negotiated with and entered into a contract with a middle man and brought him down from \$9,500 to \$8,500 per year, still higher than my cousin's.

In talking to the Regional Office in Chicago, their excuse for not awarding it to my cousin was the fact that he had a certified check for \$7,900 instead of a bid bond for \$7,900. But, this certified check is better security than any bond. In their advertising for bids, the Government reserves the right to overlook any irregularity if it is to their advantage, and to enter into negotiations. The Regional Office admitted that they could have called us and asked us to supply a bid bond, which we could have done.

My cousin has lived in Antioch for over 30 years, is a respected citizen of that community, and it was a matter of pride to him to own the Post Office in Antioch. The person the Department chose to award the contract to does not live in Antioch and has no interest in the community.

As a rather substantial tax payer in Lake County, I am quite upset by the government spending my money foolishly. Over a period of 20 or 30 years, this excess in rent can amount to a considerable sum of money.

I would appreciate your taking this up with the Post Office Department in Washington, and inform me if there is anything that we can do about this matter.

Thanking you, I am,  
Sincerely yours,

Louie Pickus

The Post Office contract was awarded to Mr. and Mrs. Otto Schultz, 353 Emroy, Elmhurst, Ill., to be leased to the department for 10 years, with renewal options running up to 20 years, at an annual rental of \$8,500 for the basic term. (The Antioch News, June 22, 1961) —Editor.

## Libertyville To Celebrate 125th Year

In recognition of the 125th year of its founding, Libertyville is setting aside four days, July 12-15, for celebration. Inaugurating the days of free-wheeling fun and fancy will be an old-fashioned Torchlight Parade on Wednesday, July 12, at 9 p.m. Immediately following this event a Dixieland jazz concert will be presented in Cook Park.

The varied activities, sponsored by the Libertyville Chamber of Commerce, will take on a western theme reminiscent of Frontier Days, Libertyville's summer celebration for the two years past. Local merchants and businessmen, working with the Libertyville Historical Society, will use the decor of previous establishments in creating an aura of yesteryear as they decorate store fronts and windows. Shopkeepers and citizenry alike will don western and old-time apparel in tribute to Libertyville's 125th Anniversary.

Terry Bennett, ABC television personality, will emcee the contest for "Queen of the 125th." She will be chosen from a number of young ladies by a board of "expert" judges.

During the 125th celebration there will be many contests, one featuring the "brothers of the brush" in which local gentry sporting facial foliage will vie for the title of "Most Hideous Beard."

Several performers from the American Indian Center in Chicago will present their ceremonial dance pageant while Indian lore and goods are on display in Cook Park.

Attractions will include "Slim 'The Bearded Bomber' Bracher and his opponent grappling in a grunt and groan session for the "Overweight Wrestling Championship of the World"; the "gunfight at the OK corral" plus fancy gunslinging and a bullwhip exhibition by members of Bell's Frontier Quick Draw Club.

Yodelin' Slim, the Arizona Cowboy, and his sidekick, Elmer, will join the festivities in presenting a half-hour program of singing, stories and ventriloquism.

An old-fashioned auction with new-fangled items will be a feature for bar-bain-hunters.

The Libertyville Village Players will present a melodrama, "He Done Her Wrong," complete with villain-hissing and hero-whistling sound effects.

Climaxing the celebration will be a giant parade including as entries the Scarlett Knights Drum and Bugle Corps, the Chicago Highlanders, and the Northwest Mounted Black Horse Troop. Members of the Meister Brau sports car racing team and the famed "Scarab" car are to be present during the gala event and will participate in the parade.

Fireworks displays climax every evening's activities with a grand finale on Saturday evening after the street dance. During the dance hundreds of free silver dollars will be given away.

## Girl Scouts Master First Aid Skills At Chain O'Lakes Day Camps

An average attendance of 90 girls of the Lakeview Girl Scout Council are learning resourcefulness and community living while having fun at the Day Camp being conducted at Chain O'Lakes State Park.

Pitching tents, outdoor cooking, nature hikes and crafts are a few of the experiences that the girls are enjoying during their eight camping days under the direction of Lois Ward, assisted by Mrs. William Chase, both of Channel Lake.

Simultaneously three other day camps are in operation in the Lakeview Area: Chain O'Lakes State Park, Adler Park in Libertyville, and Illinois Beach State Park. In all, 570 Girl Scouts are in attendance at the four sites.

Mrs. Ward reports that 11 units are operating at Chain O'Lakes with 14 adult volunteers in regular attendance. Mrs. Ruble Wimbles, of Antioch, is camp nurse. The youngest individual attending Chain O'Lakes Day Camp is the 9-week-old son of Mrs. William Watts, Antioch, volunteer first aid instructor.

Mrs. Watts, a newcomer to the community, has had previous experience in teaching Red Cross first aid in the Evanston area, and is combining baby care and first aid service to Lakeview Girl Scouts.

Established camp, or camp away from home, is being offered by Lakeview Council at Camp Robinhood, Green Lake, Wis. It is situated in a wooded area on a lake front about 150 miles north of Lake County. A rustic lodge, cabins to house 8 girls, and facilities for overnight, swimming, hiking, and campfire programs, are the features appealing to girls. Buses leave Hinckston Park, Grand Avenue, Waukegan, on July 10, at noon, for the 12-day camping period.

## Drag Racing Championships Set July 7-9 at Union Grove

Illinois "dragsters" will be in the thick of competition when the Fifth Annual National Drag Racing Championships are held July 7-9 at the Midwest's only lighted drag racing strip at Union Grove, Wis.

Sanctioned by National Association of Drag Racing, the Great Lakes Dragway includes a 4000 foot long racing strip, 60 feet wide, with electrically controlled timing and speed devices. Speeds in excess of 185 miles per hour have been recorded.

The top Illinois driver is Chris Karamesines, Chicago, the nation's No. 1 ranking fuel dragster, who has unofficially hit 204 mph in his custom built "Chizler." Karamesines is expected to race a new twin-engine, Twin super-charged fuel injected machine, the only one of its kind built to date.

Other Illinois in the fuel divisions are Ted Beelow, Mundelein; class A in "No name," and Paul Stevens, Lawrenceville, class B driving "Puffer."

Lyle Fisher will drive the "Speedsport," a very hot roadster owned jointly by Fisher of Tucson, Ariz., and Joe Bush of Chicago. "Speedsport" is the world's fastest roadster with a top speed of 177 mph.

In the gas dragster division there will be Bill Jordan, Chicago, in "Ignition Special," Ron Bessie, East St. Louis, Bob Kranenberg, Chicago, the nation's No. 2 in his class, driving "The Guzler," and Bob Gardella, Maywood, in "Speedcraft Special," a twin engine Buick powered gas dragster which holds the top speed of 188 mph.

Bob Gill, North Lake, in the "Bad Omen," and Rich Warber, Batavia, driving the "Spook," are entered

in the class B gas division.

A record field of well over 300 entries is expected for the three day and night meet. Top competition in the fastest division, class A fuel, will come from Bob Sullivan, Kansas City, Kan., driving "Pandemonium," who holds a top speed mark of 193.81 mph; and Art Malone, Tampa, Fla., in "Golden-Rod," with a speed of 187 mph.

In the class A gas division, keen competition is expected from Lefty Muderbach, Anaheim, Calif., in "Herbert Cam Special," a twin engine job, who has hit 182.93 mph, second fastest speed ever done in a gas dragster; and Art Arfons, Akron, O., in "Green Monster No. 15," who constantly exceeds the 175 mph mark.

Racing begins for the National Meet on Friday and Saturday, July 7-8; evening affairs with the races starting at 8 p.m.; on Sunday, July 9, races begin at 2 p.m. All three days' events are preceded by time trials beginning five hours prior to racing time. The Great Lakes Dragway is located at Union Grove, Wis., 12 miles north of the Wisconsin-Illinois border on highway 45.

## Thousands View Lakes Regatta; Portalski Wins

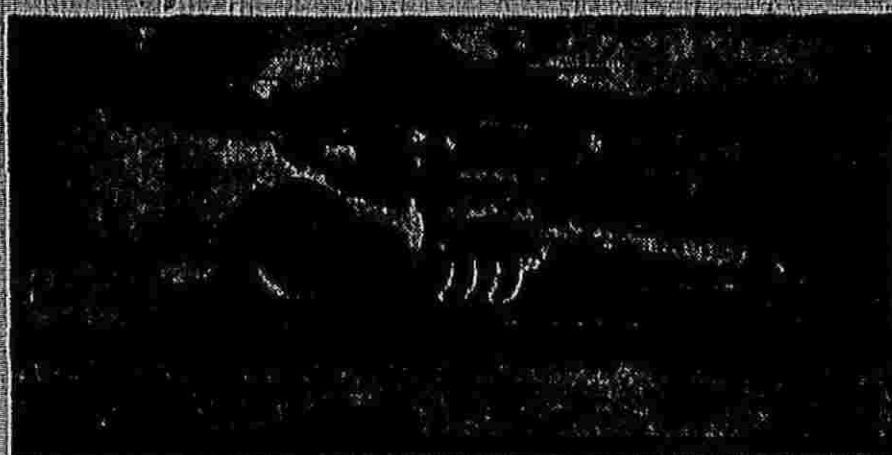

Calm water and pleasant weather added up to excellent racing conditions for the second 1881 Chain O' Lakes Boat Club regatta June 25 on Fox Lake.

In the popular SK racing runabout class, George Smith, a Niles, Ill., building contractor, took first place by a fifth of a second in his Pontiac powered "Untouchables." Les Brown, former National champion, of Oak Lawn, Ill., in his "Long Gone" captured a very close second, while E. J. Zender, Jr., of McHenry, in the well known "Hex" took third place.

Rudy Trebles in the brand new "Grand Slam" of his own design, wound up in fourth position on his first time in competition. Lou Portalski, of Antioch, was forced out in the first heat when his popular "Greyhound" twisted a shaft.

The 135 hydroplanes were taking advantage of the smooth water and great speeds were shown. However, only two of them finished due to accidents and mechanical troubles. Jim Thompson of Ingleside was thrown out of his "Oluff Boy" and the boat ran wild without a driver until the efficient crash boats managed to capture the runaway. Swede Stromstedt of McHenry, well known racing figure, drove Ed Sullivan's "Lutefisk" to first place honors, while Lenny Ryden took second place in Dick Rad's "Honcho."

The swift E racing runabouts were burning up the waterways with the extra horsepower allowed this year by the American Power Boat Assn. Lou Portalski of Antioch stepped into "Gun Shy" after his SK boat dropped out of the race and drove it to victory. Jack Koske of Arlington Heights owns this quick E boat. This was the first

Raw rubber burns when Bob Sullivan, Kansas City, Kan., roars down the Great Lakes Drag Strip, Union Grove, Wis., in his custom-built "Pandemonium," a Class A fuel dragster. Sullivan, ranked No. 2 nationally, will compete against the nation's top Class A driver, Chris Karamesines, Chicago, who holds the record speed of 195.63 m.p.h. from a standing start in "Chizler," and Art Malone, Tampa, Fla., in "Goldenrod," No. 3 rated. A record field in all classes is expected at the nationals, July 7-9 on the 4,500 foot long Union Grove strip, located on Hwy. 45, 20 miles south of Milwaukee, and 12 miles north of the Wisconsin-Illinois border.

time in competition for the boat and also the first time Portalski has driven an E. Ralph Fuchy of Waukegan, Wis., was second in this "Twinkle" with Al Gurling in his "Hot Heads" placing third.

In the family runabout race, Moose Oetinger of Chicago, placed first with Chuck Harris of Glen View, in his "Misty" taking second, Bob Karner of Franklin Park, in the old favorite "Little Toot" captured third, after a disqualification in the first heat.

The club members and their guests enjoyed a wonderful post-race chicken dinner, and plans are being made for the next regatta to

be held on July 30, when the Eastern U. S. Divisionals will be held for the SK and E racing runabout classes.

### Scientific Know-How

The Agriculture Department received the following comment from a scientist:

"It is obvious from the difference in elevation with relation to the short depth of the field that the contour is such as to preclude any reasonable developmental potentials for economic utilization."

What he meant was: The field is too steep to plow.

Twin heating units in a Fast Electric Water Heater heat water fast (keep it 150° hot). You always have plenty on tap.

Installs anywhere. New Fast Electric Water Heaters go anywhere you want—under kitchen counter, in a closet, or in the basement. Electrics are not tied to a chimney by a flue. There is no pilot to light (or go out) ... no flame, no fuel.

Fast Electric Water Heaters last longer. You can expect service of 15 years or more. And be sure to check with either the Commonwealth Edison or Public Service Company office about the special low water-heating rate.

When you build, buy an appliance or remodel your kitchen, keep in mind the unique advantages of a Flameless Electric Water Heater.

## Urge Careful Mowing To Conserve Pheasants

An appeal to farmers in the Illinois pheasant range to delay mowing operations as long as is practically possible, to mow with caution, and to leave unmowed strips of hay along field edges has been issued by William T. Lodge, director of the Illinois Department of Conservation.

The peak of the hay mowing season coincides with the peak of the pheasant nesting cycle, and Lodge predicts four out of every 10 pheasant hens actively nesting in hay fields will be injured or killed by mowing operations. A minimum of 20 per cent of the nests are destroyed each year.
